Anshaw, Carol - *Aquamarine*

Cameron, Peter - *The Weekend*

Edgerton, Clyde - *Walking Across Egypt*

Gift from J. She thought opening scene was "hilarious." It was good, but I appreciated the poignancy of the story more.

MacLaine, Shirley - *My Lucky Stars*

Moore, Mary Tyler - *After All*

Mordden, Ethan - *How Long Has This Been Going On?*

The gay *Roots*, I suppose. Mildly entertaining compared to his previous books, but the book has too many characters for the reader to care. [Or maybe it's the Lortab talking.]

Morrison, Toni - *Beloved*

Ondaatje, Michael - *The English Patient* (first reading)

Rivera, Tomas - *And the Earth Did Not Devour Them*

Silko, Leslie Marmon - *Ceremony*

Sullivan, Andrew - *Virtually Normal*
